July 31st – Shamanic Astrology with Erik M Roth

Location: The Grind, 9401 SE 32nd Ave

Milwaukie, OR Time: 6:30pm-9:00pm **Price:** \$10 per person

How does one understand an Astrology Chart? Where does a person begin? How does the story unfold? What is the underlying nature of Astrology? Ever wonder what it means to have most of your planets on one half of the chart?

This class will focus on the basic underlying structure and chart analysis of a natal chart. An astrology chart is highly complex and even more so when asteroids or other points are added to it. While we can't go too deeply into the chart in the time allowed (that is why there will be a second class), a power point presentation will assist everyone in drawing your own chart (in class or at home) and understanding its basic elements. The exercise of drawing a chart is a helpful tool in remembering the layout of your astrological life map. For the purposes of this class, the "Whole Sign House System" will be used.

Shamanic Astrologer Erik Roth will talk about very basics of shamanic astrology as it pertains to the chart structure and astrology fundamentals. We will only be focusing on the planets, their angles, the horizon line as well the hemispheres of the chart.

What to bring: Your astrology chart/birth information and \$10
